

DRUM ALARM (HIGH) - SPECIFICATIONS

OPTIONS

Silencing button

power consumption: 11 micro-amps standby. (standby battery life is 10 years)

Relay output

Current rating 15A maximum
Input voltage: 110-250VAC or 24VDC
Fuse protection Yes. pcb mounted, slow blow, 15A 250VAC.
Cord: 10 ft, type SJOOW, piggyback plug connection
AC power: voltage 110-260VAC, cord length 10 ft.
Cord grip body material: Nylon, gasket: Buna rubber
Approvals: CE, All components UL listed.

Screen 17 x 17 mesh natural polypropylene mesh.

Check Valve

Material Viton
